Blot is Defiant
SAN FRANCISCO, June 17.—It is reported today that Governor Gillett has ordered two companies of militia to be held in readiness for active duty in connection with the Langford-Kaufman fight here tomorrow afternoon. Promoter Blot still maintains that his attorneys have advised him the fight cannot be stopped legally. He plans to go ahead with the battle. If the fight occurs it is certain a record breaking crowd will attend to be on hand to see what may happen.

"I don't care how many companies of militia are there," said Blot, "the men will fight. We are within our rights."

SAN FRANCISCO, June 17.—Jack Gleason, promoter of the Jeffries-Johnson fight, said today that if it is finally determined that the fight cannot be held in San Francisco, Reno will be selected, as it would be impossible to stop the fight there, without a special session of the legislature.

He testified that when Brown asked him to vote for Lorimer he said he would because he already intended to vote that way. He denied positively that he was bribed.

ABOARD STEAMER KAISERIN AUGUSTE VICTORIA (By Wireless), June 17.—The Kaiserin at noon today was within four hundred miles of Ambrose Channel light, and if the present speed is maintained, will reach New York in good time for the welcome home of Col. Roosevelt. The weather is thick today and the sea is rough.

City Filled With Thousands

Aviator Charles Hamilton plans to fly to meet the Kaiserin Auguste Victoria, the liner bearing the Roosevelt, circle around the ship, and escort her to the dock. Frank Goodall, aviator, will attempt a like feat. Warren Crockett, a rough rider from Georgia, was taken ill and removed to the hospital today. He was told he had appendicitis, and that an operation was necessary to save his life. He declared he would not miss Roosevelt's arrival, and would take a chance. He donned his clothes and left the hospital.

Colonel Roosevelt received customs blanks today, upon which he must swear to the descriptions of articles being brought into this country. He said he would go through the ordeal as any private citizen.

"I hope the inspectors will not value my few possessions too high," he said. "I have four cases of gifts from European royalty, but also lots of useless plunder."

Roosevelt was the guest of the captain at dinner last night. He was very happy today. He plans a quiet summer at Oyster Bay with his family, according to his friends.

NEW YORK, June 17.—Lower New York is beginning to sag with the thousands waiting to welcome Roosevelt. The Colonel will receive offers of prestige from various organizations throughout the country. Among these is the editorship of a New York paper. C. W. Post sent Roosevelt a wireless offer of \$100,000 a year to become the head of the National Trades Workers' Association, an organization to arbitrate labor disputes. The city is placarded with welcoming posters. Street fakirs are doing a thriving business in Roosevelt souvenirs.

MAN WHO STOLE WASSER'S RIG A SAN DIEGO ATTORNEY NOW IN LOS ANGELES JAIL

The man who rented a horse and buggy from W. W. Wasser's livery stable on June 1 and who sold the outfit in Los Angeles has been arrested in Los Angeles. His name is E. L. Donnelly and it develops that he is an attorney who had gained considerable prominence in his profession at San Diego. Donnelly will be prosecuted for horse-stealing at San Diego, and if not there in Santa Ana.

On June 1 the man went to the Iowa Stables and hired a rig. He said he was connected with the San Diego Kerosene & Lamp Co., of 727 Sixth street. Donnelly's real address in San Diego is 623 Sixth street. The horse was not returned on June 1 nor the 2nd. On the 3rd a telephone message was received saying the outfit would be in that night. It did not arrive. On the 6th and 7th Wasser and Constable Jackson made a search in Los Angeles for the stolen outfit, and located the horse in one place, the buggy in another and the harness in a third. Donnelly had sold the outfit for \$58 on the 3rd.

The Times this morning tells of Donnelly's arrest as follows: E. L. Donnelly, a San Diego attorney, was taken in custody on Third street, yesterday, on a charge of horse stealing. He was apprehended by Deputy Sheriffs Wright and Strohm. The arrest was made at the suggestion of the southern city, but it may develop that he is wanted here on felony charges. The officers believe that the prominent place he attained as a lawyer was kept up by funds procured by "rustling." They say there are indications that his law office was used merely as a guise to keep away suspicion.

Donnelly acquired an acquaintance among the legal fraternity in this city and was well thought of. He became intimate enough with at least one Supreme Court judge to be granted the permission of circulating one of his petitions among his friends in San Diego. He made such a favorable impression that the judicial officer entertained him at an exclusive club at luncheon.

The defendant is a member of numerous lodges. His affiliations were

among persons of good repute wherever he went. Those who knew him were greatly surprised when they learned that there was the least suspicion that he was a thief.

The San Diego officials have been annoyed by the fact that there have been numerous horses stolen in that vicinity and has done much detective work along this line. The trail of the thief was well covered and for weeks they failed to find anything which was of assistance to them in this work. By chance suspicion was directed toward the attorney. They thought they had a false clew, but followed it for want of better information. Other facts were discovered and they became certain that Donnelly had knowledge of the thefts.

He disappeared from the southern city about the time they were ready to take him in custody and interrogate him. They sent word to officers throughout the state to look for him.

Deputy Sheriff Wright took particular pains to retain his description in his memory, as he makes a practice of chasing horse thieves. He and Strohm were walking on Third street, yesterday afternoon, when they met the lawyer. They arrested him and took him to the county jail.

Donnelly talked freely with the officers, but did not make any admissions which could be used against him in a trial. He did not deny his identity and said he has law offices at No. 623 Sixth street, San Diego.

His knowledge of the law stood him well in hand while the officers sought to get some information about his actions during the last few months. He admitted he had dealt in horses and said he has two here now, but declared that he purchased them.

The officers say they feel certain that he stole at least one horse at San Diego and another at Santa Ana. They expect to connect him with the theft of several horses in this city.

The southern officials wired yesterday that they are willing to immediately send a man here to take the prisoner back for trial.

A Woman's Back

Has many aches and pains caused by weakness and falling, or other displacement of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening medicine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful or habit-forming drugs. Its ingredients are all printed on the bottle-wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy or known composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equaled. Little sugar-coated granules—easy to take as candy.

Social Held at Talbert a Success—Citizens Tired of Mexican Brawls

TALBERT, June 16.—Mrs. C. C. Heacock left Wednesday for a visit with her sister in Riverside.

Miss Flossie McCuiston left Saturday for an extended visit with her sister, Mrs. Pearl Whitesides in Ventura.

Mrs. Arnold Walker, who has been visiting her parents, Mr. and Mrs. C. C. Heacock returned home Wednesday.

The basket social given under the auspices of the Woman's Home Missionary Society Tuesday evening was a decided success, both socially and financially. A program consisting of music and readings was rendered and the pastor, Rev. Barr, made a much appreciated talk in behalf of the society. The auxiliary was represented by its poetess, Mrs. S. E. Talbert. Auctioneer C. F. Ward did his part well and the ladies realized the neat sum of \$55 from the baskets and ice cream.

The Sunday school observed Children's Day last Sunday evening and a well prepared program was rendered to a full house. A free will offering amounting to \$9 was taken.

The Epworth League elected Miss Alma Plavon delegate to the state League conference which convenes in Berkeley June 29.

Rev. L. D. Barr will address the graduating class of Newhope grammar school Friday evening, June 17, at 7:30. Subject, "The Ideal Man."

Mexican brawls are becoming very monotonous to the citizens of Talbert, who are taking steps to oust the cause—"Blind Tigers."

DRAGGED BY RUNNING TEAM

Mrs. Will Edwards Jerked from Rig by Runaways—Westminster Notes

WESTMINSTER, June 16.—A runaway on the street last Monday caused quite an excitement in this quiet little burg. The team of Will Edwards was standing in front of Phelps store, Mrs. Edwards in the rig. It seems the neckyoke dropped and the horses started. Mrs. Edwards held onto the lines and was jerked over the dashboard and dragged several yards. The horses ran around behind the postoffice and became entangled in the wire fence where they were caught. Mrs. Edwards was only bruised and not seriously hurt.

The team of John Edwards, while hitched at the rack back of the M. E. church, broke the rack down and backing one of the horses fell, but was caught before any other damage was done.

Children's Day was observed by both churches and the programs did credit to both children and the ladies who trained them. The program at the Presbyterian church was written by one of the members, Miss Viola Wright, and was greatly enjoyed by the audience.

John Edwards and wife have gone to Hot Springs for a month's stay.

C. H. Rich of Long Beach with his family were visiting at the home of his brother, L. E. Rich, the first of the week.

Is a granulated Sweeping Compound chemically prepared so as to clean, polish and disinfect floors. It purifies. It kills disease germs, moths and fleas, saves dusting and scrubbing, and makes sweeping a pleasure.

The following endorsement was made by The College of Medicine of the University of Southern California:

We would state that after one year's use in the buildings of the College of Medicine, U. S. C., we are convinced that it is advantageous, because it not only does away with the dust nuisance, and is therefore more hygienic, but because the addition of antiseptics, such as carbolic acid mixed in same, adds to its antiseptic value.

THE CONSTITUTION

Have we a constitution or have we not? According to M. A. Lane in the June number of the Uncle Remus Magazine we have not.

In an article on Theodore Roosevelt as a Maker of History, he informs us that our constitution became obsolete when Lee surrendered at Appomattox. This conclusion is arrived at in his discussion of the settlement of the coal strike of 1902. He says: "The point I wish to make is simply this, that the constitution when real things are doing—things in which the people have a real and lively interest—does not have the force of a boy's bean-shooter, and that in the hands of men like Lincoln and Roosevelt, it is tossed aside as an idle thing not to be considered for a moment."

There is also a lot more such talk as the above in his discussion of the events referred to, all of which reflects the attitude of a certain type of mind toward American institutions. It might be well to call to mind that we have a president, vice president, congress, supreme court, circuit and district courts and various other officers, all of which are provided for and their powers and duties described in an old instrument that we have been in the habit of calling "our constitution." It is supposed to create three branches of government—legislative, executive and judicial. The legislative and executive branches find their powers and duties set forth in this instrument, and lest they should overstep their constitutional boundaries, the judiciary is provided with jurisdiction not only to construe the acts of congress, but also to pass upon their constitutionality.

On one occasion there was a clash between the president and the supreme court when Lincoln suspended the operation of the writ of habeas corpus, which, under the circumstances, he had a clear constitutional right to do. Andrew Johnson was impeached for alleged violation of the constitution and barely escaped by one vote. Since that time no such situations have arisen, but if as Mr. Lane contends, President Roosevelt stood ready in the settlement of the coal strike to over-ride the constitution, and if any man who happens to be president should take it into his head that he is greater than the government, he is liable to a disillusionment of the nerve-racking variety. The American people are not going to tamely submit to a subversion of the government. The war of the great rebellion settled that, and the only safe course for a president is to keep on his own side of the Rubicon that bounds his authority. This is not ancient Rome—not yet—and any Caesar who undertakes to make it so, will soon be hunting the friendly shelter of tall timber across the borders.

Mr. Lane is an ardent admirer of Roosevelt, and it seems that the alleged readiness of the great president to disregard the constitution in settling the coal strike as he intimates vi et armis, demonstrates one of his most praiseworthy qualities. It is safe to say, however, that this is not the popular view, and if the writer could convince the people of this country that Roosevelt ever had any intention of violating the constitution, he would do more to dishonor him in the eyes of the public than can be accomplished by the efforts of all the trusts combined.

WHAT IS THE LAW?

The Methodist preachers of Los Angeles have refused to join in a memorial to the governor to stop the Johnson-Jeffries fight. This appears surprising until you learn their reasons for it. They say: "Whereas prize fighting under the name of sparring matches is not only tolerated but in a measure protected in our own city of Los Angeles, we cannot consistently petition for the prohibition of the abominable pagan game at San Francisco, and allow it to flourish unheeded in our midst." That's putting it pretty square and now it is up to some one to say how and by what law it is tolerated in Los Angeles. It is the understanding that the district attorney's office has been unable to find any law to stop it here, but there are some inquiring minds that would like to know if the law prohibits anything of that nature. It pretends to prohib-

bit a prizefight "with or without gloves," and the question comes up what is a prizefight "with or without gloves?" If the Johnson-Jeffries affair and the ones that have been brought off in Los Angeles are not prizefights within the meaning of the law, what does the law mean? And what kind of an event would the prohibited one be? Let some of the knowing ones describe it so that the ordinary citizen would know one if he saw it.

DEFENDS INCREASED RATES

The New York Herald finds a defense for the railroads in advancing charges for freight, on the ground of increased cost of operation. The Herald editorially says:

"The only unfavorable element in the situation is the unfavorable attitude of federal law makers and state officials towards the railroads and the spirit which would prevent the companies from moderately advancing their charges to offset the increased cost of operation. When the manufacturer is obliged to pay higher prices for raw material and increased wages he does the only possible thing in the circumstances and correspondingly raises the charge for his product, the railways are obliged to pay increased prices for supplies and higher wages and it is only reasonable that they should get more for what they sell, namely, transportation."

"That they are impelled to raise their charges is plain from current traffic returns showing gross takings while cost of operation have increased in still greater ratio with resulting decrease in net earnings. Unless the greatest of all industries is permitted to prosper the country cannot prosper."

The Suffragettes of England have found a new argument, and if they can make it stick, it will be worth considering. It is to the effect that as between the states of this country that have and have not women suffrage, the former show markedly less of the divorce evil than the latter. Here is a promising field for the statistical student to ascertain the exact facts and explain their bearing on the subject.

When you buy away from home you take a shingle from your own house. What would Santa Ana look like if everybody did this?

The Political Watchtower

D. C. Pixley of Orange is going to run for the Democratic nomination for supervisor. For months there has been uncertainty as to what Pixley would do. Sometimes word would come that he was going to run. Then it would be doubtful. In the meantime, Pixley, who was in Hawaii, had nothing to say. Even after his return, he delayed making a decision. Three weeks ago a Democratic conference held here was informed by a central committeeman from Orange that it was all off. Pixley would not run. The leaders began to look around for another man, but they kept talking to Pixley. Yesterday word was passed out that Pixley would run, that he had entered and was in to stay.

The Santa Ana Bulletin (Democratic) voices its pleasure at receiving the news as follows: "We know this will be good news for everybody, and more especially to the people of the Orange district, for there is no man that stands higher in the community than D. C. Pixley. He has been tried, and found not wanting and the voters of the fourth supervisorial district are to be congratulated that they have prevailed upon him to make the race for the Democratic nomination, and he will have no opposition, and his Republican opponent had better take notice that D. C. Pixley is in the race to win."

The Republicans of the fourth district are to select their candidate from the two men now out, unless an-

HERALD SAYS STANTON WILL GO AFTER U. S. SENATORSHIP

A writer in the Los Angeles Herald declares that P. A. Stanton will withdraw from the race for governor and enter the race for United States senator. In the meantime, Stanton continues his trip through the northern part of the state, and has outlined a plan for a week in the mountainous districts.

Edwin A. Meserve of Los Angeles, a corporation lawyer, is to be a candidate for United States senator. Coincident with the visit to Los Angeles of W. F. Herrin of San Fran-

cisco, political boss of the Southern Pacific, announcement was made that Meserve would be the "machine" candidate for senator.

The story goes that Walter Parker succeeded in making a deal with Stanton to step out of the fight for governor in exchange for the support of the "machine" for senator. Herrin, however, did not know this, and before he was advised of the program, Meserve was sprung by Herrin. Now there is a pretty mixup. Curry is said to be the man picked by the "machine" for governor.

other or others should go after the job. The two men now out are Fred A. Struck, who was appointed supervisor to succeed Dr. MacMullen, and A. R. Smith, one of Struck's opponents for the appointment.

Wilmington Journal: Just as a filler, the Journal would like to ask some of the country editors of Southern California to deny that they have received, or have been promised, from \$25 to \$50 for supporting Phil Stanton, candidate for governor. Of

course, it isn't really necessary, because every hare-brained near-editor who has sold out is known, but we can't resist the temptation to stir 'em up a little.

S. D. Brentlinger of Garden Grove is the very latest candidate in the field. He is seeking the Democratic nomination for constable of Westminster township.

Christian Endeavor Social

The Christian Endeavorers of the Reformed Presbyterian church held a social last night at the home of Mrs. R. K. Torrens, 623 East Third street. Games of amusing character and merry conversation passed away the time. Light refreshments were served.

Ebell Garden Fete

The Tustin ladies have been hard at work this week, as a visit to the home of Miss Preble will testify. The lawn has been transformed into canopied bowers and the booths are festive with gay bunting, graceful palms, delicate ferns, and Japanese lanterns.

During the afternoon tomorrow the Santa Ana Band will fill the air with music, and in the evening the charming play entitled, "The Gypsy Girls," will be given free of extra charge.

At the cafeteria supper, served any time after 4 o'clock, sandwiches, salads, hot tamales, tea and coffee, pie, ice cream and cake will be served.

The Art Gallery, consisting of three rooms filled with beautiful pictures, rare old china and other art treasures obtained abroad, will be a source of delight to all lovers of the beautiful.

Other attractions will be the shooting gallery, the fortune teller, the "zoo," and the Japanese tea room. Children will be admitted at the gate for 15 cents.

The bus will leave the corner by Hervey & Parsons Drug Store at 2, 4 and 6 o'clock p.m. (25c the round trip), and the decorated wagons will leave at 2 and 6 p.m. (10c the round trip). Tickets on sale at Hervey &

Parsons Drug Store and at the Tustin Drug Store.

The regular annual reception of the Ebell Society will be omitted this year, as the garden fete will be in the nature of a big reception, the Ebell Club acting as hostess to all the people of the Santa Ana Valley. You are invited.

W. R. C. Meeting

The W. R. C. held a well attended meeting yesterday. Four visitors were present. Mrs. Roberts of Stanton, No. 16, Mrs. Wedgwood of Iowa, Mrs. May Coulter Watson, and Helen Harriett Watson, a bright eyed little infant of nine weeks who found many new friends in the corps. One new member, Mrs. Fannie Miller, was initiated.

The memorial services for the corps will take place in the hall Thursday, June 30, at 1:45 p. m., after which the ladies will repair to the cemetery and decorate the graves of the deceased members. There are thirty-four graves, two members having passed away the last year, Mrs. Maud Elliott and Mrs. Lydia Deering. The ladies appointed to deliver the memorial addresses were Mrs. H. Clay Kellogg and Mrs. Alice Yount.

The next tea will occur the second Friday in July with Mrs. Nellie McTaggart as chairman.

Farewell to Friend

Miss Marie Harris gave a farewell party last night to her friend, Miss Ruth Massey, who leaves next week for a summer's visit in Arizona.

The party was held at the Frank Harris residence, 805 G street, and Mrs. Harris assisted the young people in having a jolly time. Merry games were played, after which light refreshments were served. There were eighteen guests present. Shasta daisies were used in decoration.

Cosmopolitan Graduation

Miss Viola C. Hill, one of Santa Ana's cleverest girls, will graduate on Tuesday evening, June 21, from the Baptist Mission Training School in Chicago. Miss Hill has taken a two years' course in this excellent and widely known school. After graduation she will start for the West, making several stops on the way. She will probably arrive here about July 4.

The commencement exercises of Miss Hill's class will be held in the First Baptist church of Chicago and there will be forty-three in the class. The personnel of the class affords an interesting study in cosmopolitanism, there being students hailing from seventeen different states, including two from California. Besides these, there are two students from Norway and one each from Denmark, Finland, Sweden, Canada, the Philip-

For Miss Mullinix

Miss Shirley Thomas last night gave a dinner in the Dragon Balcony as a farewell to Miss Florence Mullinix, who leaves tomorrow for a summer abroad.

White and green combined in a dainty color scheme and boats in many varieties were used in table decorations. The flowers used were carnations and maidenhair ferns and the place cards were all significant of sentiment of the event and of the coming voyage. A beautiful ocean liner in a miniature ocean was used for the center piece and was a triumph of confectioners art representing the "Columbia," the ship on which Miss Mullinix is to sail. The ice cream was served in tiny yachts, each flying the initials of the honoree. Individual cakes as favors were decorated with boats with sails set. Even the after dinner mints bore the boat design and oysters on the half shell fitted in with the marine scheme. The dinner was of six courses with the salads served in cucumber boats. Besides the hostess and Miss Mullinix, the guest of honor, there were present Misses Lena and Hazel Thomas, Frances Adams, Hazel and Marvel Baker, Florence, Carrie and Agnes Yoch, Myrtle Millward, Ebel Roper, Josephine MacCormac of Palo Alto.

Bible Circle Social

The regular business and social meeting of the Good Fellowship Bible Circle, which should have been held this evening, was held last evening, because yesterday was the birthday of one of the members, Master Earl Speth, and that young man was surprised by an unexpected birthday celebration at the home of one of the near by neighbors, Mr. and Mrs. Ed. Jones. There was a huge birthday cake which with various other cakes was served with delicious home-made ice cream. Earl was the recipient of a handsome present, a croquet set. The same date happened to be the wedding anniversary of Mr. and Mrs. Beltz, who were present with a handsome bouquet of Shasta daisies and asparagus ferns in honor of the occasion.

mit suicide, at her home near this city, yesterday morning, is thought to be out of danger in the hospital today. Mrs. Devonshire, who is 69 years of age, has been an invalid for years from paralysis, and has been under the care of a nurse and a grandson, Arthur MacDonald, whom she has raised from a child. Always an active woman, the last few years of helplessness have broken her spirit, and during the last few months, she has become despondent. The senior class play, "Willowdale," was given before a very large audience in the High School last evening. It was the second of two given by the members of the graduating class of the High School, and all of the characters were taken by the students. Music was furnished by a school orchestra, and several piano selections were given.

A SIMPLE QUESTION

Santa Ana People Are Requested to Honestly Answer
This

—Is not the word of a representative citizen of Santa Ana more convincing than the doubtful utterances of people living everywhere else in the Union? Read this:

E. O. McKinney, 824 East Third street, Santa Ana, Cal., says: "Doan's Kidney Pills were especially suited to my case and in view of my experience, I am glad to recommend them. For a year and a half I suffered from pain in my sides and over my right kidney. It was a throbbing or beating pain and it seemed as if a knife were being thrust into me. I thought that the trouble was caused by heavy lifting but I was unable to get relief from the remedies I took. Acting on the suggestion of a party who had used Doan's Kidney Pills, I procured a box at Dean's drug store. Finding relief from their use, I continued taking them and it was not long before the pain had ceased. The passages of the kidney secretions were also regulated and my kidneys were restored to a normal condition. I have had no symptoms of kidney complaint since and therefore feel justified in giving Doan's Kidney Pills my endorsement."

CELEBRATION IS PLANNED

Huntington Beach Has Arranged Good Program for the Fourth of July

Huntington Beach News: The Fourth of July will be celebrated in Huntington Beach this year, in a "safe and sane" way, yet in a manner which will afford amusement and entertainment to a large number of visitors who annually seek here the delightfully cool climate and refreshing ocean breezes which make this city so desirable as a summer resort.

As suggested last week by the Huntington Beach News, a committee of enterprising citizens has taken the celebration in hand and completed the first step necessary to make it an entire success—the securing of sufficient funds to pay expenses. A subscription list presented to citizens here on Saturday soon showed the necessary total of money needed.

The program outlined by the committee named to have charge of the celebration includes automobile and motorcycle races, daylight fireworks contributed by the Japanese Association of Wintersburg, a Japanese wrestling match and the usual smaller attractions. Substantial prizes will be offered to the winners of all contests, that offered to the winner of the automobile races to be probably fifty dollars. Further details of the celebration will be announced later by the committee.

At a regular meeting of the Board of Trade held at its rooms on Monday evening, its entertainment committee was authorized to have complete control of the big Fourth of July celebration to be held here, and that committee, of which A. W. Griffith is chairman, will arrange all the details. The offer of the Wintersburg Japanese Association to furnish, without cost, daylight fireworks to the value of two hundred dollars for the celebration at Huntington Beach was accepted and the president and secretary of the Board of Trade were instructed to return to the Japanese Association the cordial thanks of the Board for the generous offer.

Special car service for the day has been guaranteed by D. M. Munger, general passenger and traffic manager of the Pacific Electric railroad.

Our Washington Letter

WASHINGTON, June 16.—In furtherance of his plans for obtaining a more accurate insight into the condition of national banks, Comptroller of the Currency Murray has developed a new system for the guidance of the national bank examiners. By its means, if faithfully carried out there will be established in the office of the Comptroller a regular credit bureau by which it will be possible for him to keep tab on the financial transaction, not only of the officers and directors of the banks themselves, but of all the big borrowers of the country.

Under this system the Comptroller believes that should operations such as those which landed C. W. Morse in the Atlanta prison, be tried, it will be found impossible. He has sent out to every national bank examiner a series of forms upon which they are required to make returns on a number of important matters never heretofore required of them. The information thus acquired will be held in confidence from the public, but it will be of so intimate a nature, and of such immense financial importance if it should fall into the hands of the wrong man that there is reason to believe that there will be objection from the banks.

For instance, section five of the new list of questions requires every national bank examiner to furnish the names of all "Financiers of Questionable Methods," whose operations extend into their districts. The words quoted are printed in capital letters to give them more prominence.

Another form is to be used to give a statement of the "Doubtful or Questionable Paper," in which officers or directors of banks are interested, giving the name of the borrower and of the bank, the amount in each bank and the total in each district. This is to be supplemented by similar reports as to the same kind of paper of persons or firms other than officials and directors and the inquiry is to be made more searching by extending it to a report as to "Large or Extended Lines of Credit" in which officers or others may be interested.

It may be readily seen that such reports as these, covering the eleven districts into which the country is divided would make interesting reading if made public. It can also be realized that they will give the Comptroller's office such an insight into the affairs of the national banks of the country as has never heretofore been attempted, especially when they are accompanied by a report from each examiner as to which banks in their districts require close watching, which have suffered from defalcations, and a list of borrowers whose principal headquarters or place of business is outside the district.

Beginning a year ago, Comptroller Murray inaugurated a system by which he brought the examiners together periodically to exchange views among themselves so that the more experienced could impart some of their knowledge to the younger men in the service.

This year the semi-annual meetings will take place at the headquarters of each district during the first two weeks of July. It is the Comptroller's intention that the reports on the various subjects outlined above shall be read aloud at these meetings and be made the subject of discussion, the returns to be finally sent to him for tabulation in the Treasury Department.

Also he has designated subjects upon which the chairman of each district will be required to read a carefully prepared paper for discussion by the examiners present. Thus to Alfred Ewen, chairman of District No. 1, whose headquarters are at Boston, and whose district includes all of New England, has been assigned the preparation of a paper on "The Best Method of Co-operation With Clearing House Associations Where There Is No Clearing House Examiner."

Chas. A. Hanna, whose district includes New York, New Jersey and Delaware, will write on "The Reconciliation of Accounts With Correspondent Banks and Suggest Improvements."

"A Comprehensive System of Credits" is the subject assigned to Frank L. Norris, with headquarters at Philadelphia, and whose district comprises Eastern Pennsylvania, Maryland, Virginia, North Carolina and the District of Columbia.

Henry A. Williams, with headquarters at Pittsburgh, and with a district including Western Pennsylvania, West Virginia and Ohio, will discuss: "Co-operation Between Bank Examiner and the Officers and Directors of National Banks."

"The Verification of Individual Ledgers and the Good Results That May Be Accomplished Thereby," is assigned to Percy H. Johnston, whose headquarters are at Lebanon, Kentucky, and whose district comprises that state and Tennessee, South Carolina, Florida, Georgia, Alabama, Mississippi and Louisiana.

E. F. Roreback, of Chicago, who supervises the examiners in Illinois, Indiana, Michigan and Wisconsin, will talk on "Methods of Examinations and Suggested Improvements."

"Why an Examiner Should Not Accept Help From Bank Employees," is the subject given to J. A. Rathbun, of Minneapolis, whose district includes Minnesota, Northern Iowa, and North and South Dakota.

Trustees of Union High School
Hand Out Instructions
to Faculty

Huntington Beach News: The faculty of the Huntington Beach Union High School, by direction of its board of trustees, will hereafter, during the school term, hold weekly meetings for the purpose of discussing current happenings and making the school efficient in every way. The trustees have also announced that every member of the faculty must reside in this city, so that besides discharging their duties as preceptors they may take part in the social life of the community and know their pupils after as well as during school hours.

Because Prof. H. W. Pope of New York cannot give up his duties in the college with which he is now connected—Palmer Institute—Prof. Fred M. Lee of Los Angeles has been appointed head of the commercial department of the high school.

LOS ANGELES PRODUCE MARKET

Few changes were made in the prices of fruits yesterday morning. Cherries are beginning to get scarce and shipments were not nearly so heavy. Wholesale men expect the cherry market will be about cleaned up in two weeks. The black varieties sold fast at 10 cents per pound, and the Royal Anns at 9 cents.

A drop of from 35 to 40 cents was made in cantaloupe quotations. Some of the producers were afraid they could not dispose of their stock by the last of the week, hence the decline. The lower prices will hardly last more than a couple of days. The cantaloupes on hand were in excellent condition, and the jumbo variety were more in evidence than usual. A carload of watermelons was received and moved in fairly good order with prices the same as the previous day.

A few local tomatoes came in early and were in good demand at 125 per four-basket crate. Peaches advanced a little, it being impossible to secure any for less than 1.25 per lug box. It is hardly probable any will be had for less than 1.00 before July 1.

Arrivals of eggs were 164 cases. Locals were not so firm and, although casecounts were offered at 1/2 under quotations, 22 1/2 was the highest bid. Other varieties were quiet.

The butter market continued from steady to firm. A quantity of California creamery extra was offered at 31, but no one seemed willing to pay that much for it. Lard and cooking were also offered and not taken. Butter receipts were heavy, 50,128 lbs.

The price of eastern longhorn cheese was advanced 1/2 cent for the best quality. Northern fresh and imported Swiss were offered, but the demand was light. Arrivals were 12,717 pounds.

Potato receipts were 176 sacks. The market was weak and inactive. Onions were quiet with no arrivals reported.

Strawberry shipments were heavy and the market weakened a little. Prices were practically unchanged. The demand for raspberries was good. Other varieties were disposed of in about the same order as the previous day.

Early arrivals of fish were light, but shipments later in the day were large enough to meet the demand, which was heavy.

HIGH SCHOOL PLAY TO BE FIRST CLASS

Exciting Situations and Good
Acting Will Make It a
Great Success

The play to be rendered by the '10-B graduating class of the High School, will be given next Wednesday evening, June 22, at the Grand Opera House.

The title of the play is "Lovers' Lane," and while the title is suggestive of some of the chief characteristics of the play, yet it by no means expresses them all. The play promises to be one of the most delightful and entertaining events that has ever been given by the local High School.

The setting of the play is as follows: Dr. Thomas Singleton, a wealthy young minister, is serving a pastorate at Eddysville. Mrs. Lucy Woodbridge, whose husband has taken to drinking and gambling, has grown tired of the city and has come to the little town of Eddysville, so that her little lame boy may have an opportunity to recover. She is befriended by the minister. Herbert Woodbridge (Mrs. Woodbridge's former husband) and Lucy Larcom, go to the minister to be married. The reverend sir at once becomes infatuated with Woodbridge's prospective young bride. All is prepared for the wedding, when Mrs. Woodbridge is called in as a witness, and the marriage is suddenly stopped. Woodbridge goes home, and Mary Larcom remains in Eddysville, after her return from home. She is visiting with Molly Meally, the village school teacher, and a sarcastic old spinster, in love with the minister. Mary visits Molly's school and the minister finds time to visit school also, and finds great pleasure in playing with the children (?). He associates with the young lady as much as possible, much to the disgust of Miss Molly. Simplicity Johnson, of the minister's household, who has been taken from the asylum by the minister, is expelled from school. The minister objects and questions Molly's authority, upon which Molly resigns and the minister asks Mary Larcom to take Molly's place.

The minister is approached by Woodbridge, who accuses him of meddling with his (Woodbridge's) private affairs. A sharp discussion ensues, in which the minister shows Woodbridge wherein he is wrong and promises to help him if he will only do his part, and also promises that he will speak no word of love to Mary until spring. Meanwhile the minister and Mary are becoming more infatuated every day. On account of certain conditions in the church, Dr. Singleton is asked to either comply with certain requests or tender his resignation, and he does the latter.

Woodbridge comes back to Eddysville and tells Mary of a change in affection, and Mary gives expression to the same on her part. Mrs. Woodbridge has become reconciled, and Woodbridge, having changed his course in life, again seeks his former wife's love, which is returned. Dr. Singleton, after being reinstated as minister, again attempts to express his love for Mary without hindrance from Woodbridge, and is successful.

The principals in the play are: Dr. Thos. Singleton, the minister; Howard Hankey; Mr. Herbert Woodbridge of New York, Chas. Martin; Mary Larcom, of the Art School, Ella Livingston; Mrs. Herbert Woodbridge, Edith Spangler.

Exclusive of the principals, there is a strong cast of fifteen, and many are the clever and fascinating scenes included in the play. Under the direction of Miss A. H. Taylor, the class has been working hard to give the very best rendition of the production possible.

WOMEN'S BEAUTY

Imperfect Digestion Causes Bad Complexion and Dull Eyes

The color in your cheeks won't fade, the brightness in your eyes won't vanish, if you keep your stomach in good condition.

This was the advice of a prominent physician to a woman's club in Boston and it is good advice.

Belching of gas, heaviness, sour taste in mouth, dizziness, biliousness and nausea occur simply because the stomach is not properly digesting the food.

The blood needs nourishment to carry vigor, vim and vitality to every part of the body and when food ferments in the stomach enough nourishment is not supplied.

Mi-on-a stomach tablets give instant relief to upset stomachs, but they do more; they put strength into the stomach and build it up so that it can easily digest a hearty meal without giving its owner hours of misery.

Mi-on-a is sold by druggists everywhere and by the Rowley Drug Co. at 50 cents a large box. It is guaranteed to cure indigestion or any stomach distress or money back.

One Gleam of Joy
Johnny had two presents at the same time—one a diary, which is kept very carefully, and the other a pea shooting popgun, which he fires indiscriminately on all occasions. One day his mother found the following terse record in his diary: "Monday cold and sloppy. Tuesday cold and sloppy. Wednesday cold and sloppy. Shot granma."—Youth's Companion.

Conundrums

What is the difference between a spendthrift and a feather bed? One is hard up and the other soft down.

Why is love like a canalboat? Because it is an internal transport.

Why did Eve not have the measles? Because she'd Adam (had 'em).

Why are little birds always sad in the morning? Because their little bills are all over dew (due).

Caution for Your Children

Mothers should caution their children attending school not to put pencils in their mouths, especially since diphtheria has been communicated in that way in some of our large towns.
